## Shirt Update

1. Please see the Musket Ridge website for specifics on ordering shirts for 2016.

## Rules Changes for 2016

### Rule 3-3. Doubt as to Procedure

The Rule has been amended to provide further guidance on:

1. The procedure for a competitor who is uncertain of how to proceed and decides to play two balls; and
2. How the Committee should determine which ball is to count in such situations.

In addition, the Rule has been expanded to provide guidance on which ball counts when the Rules do not permit the procedure used for either ball.

### Exception to Rule 6-6d. Wrong Score for Hole

This new Exception provides that a competitor is not disqualified for returning a score for any hole lower than actually taken when this is due to failure to include one or more penalty strokes that, before returning his score card, the competitor did not know he had incurred. Instead, the competitor incurs the penalty prescribed by the applicable Rule and an additional penalty of two strokes for each hole at which the competitor has committed a breach of Rule 6-6d.

### Rule 14-1b. Anchoring the Club

## **General Membership Meeting Minutes for March 29 at Musket Ridge**

A new Rule is introduced to prohibit anchoring the club, either “directly” or by use of an “anchor point”, during the making of a stroke.

### **Rule 14-3. Artificial Devices and Unusual Equipment; Abnormal Use of Equipment**

Several amendments have been made to Rule 14-3, including:

1. A statement of principle has been introduced to confirm what guides the governing bodies in determining whether use of any item is a breach of Rule 14-3;
2. For clarity, the previous reference to “unusual use of equipment” has been changed to “abnormal use of equipment”; and
3. The penalty for a player’s first breach of Rule 14-3 during a stipulated round has been modified from disqualification to loss of hole in match play or two strokes in stroke play, with disqualification applied as the penalty for a subsequent breach of the Rule.

### **Rule 18-2. Ball at Rest Moved By Player, Partner, Caddie or Equipment**

Rule 18-2b (Ball Moving After Address) has been withdrawn. This means that when a ball moves after a player has addressed it, the application of a penalty under Rule 18-2 will be based purely on whether the player caused the ball to move.

### **Rule 25-2. Embedded Ball**

Notes have been introduced to:

1. clarify when a ball is embedded; and
2. confirm that a Committee may introduce a Local Rule allowing relief without penalty for a ball embedded anywhere through the green.

### **Rule 26-2. Ball Played Within Water Hazard**

The Rule has been reformatted solely for clarity. There has been no substantive change.

### **Appendix I. Local Rules; Conditions of the Competition**

Former Parts A and B of Appendix I relating to Local Rules are consolidated to provide all of the pertinent information on specific Local Rules in a single location.

### **Appendix IV. Devices and Other Equipment**

Part 5 relating to distance-measuring devices is amended so that, when a Local Rule permitting the use of distance-measuring devices is in effect, there is a breach of Rule 14-3 only if a player uses the device for some other purpose that is prohibited by that Rule. Previously, when the Local Rule was in force, a player was in breach of Rule 14-3 if he used a distance-measuring device that also contained other features whose use would breach Rule 14-3, regardless of whether such other features were actually used by the player.

### **Appendices II, III and IV**

## General Membership Meeting Minutes for March 29 at Musket Ridge

Statements on equipment conformance and product submission processes were removed from Rules 4, 5 and 14-3 to eliminate redundancy with Appendices II, III and IV. The revision to consolidate these statements in the appendices is non-substantive and done solely for efficiency.

### Rules of Amateur Status

#### Rule 3-1b. Prize Money to Charity

New Rule 3-1b is introduced to enable an amateur golfer to participate in an event where prize money or its equivalent is donated to a recognised charity, provided the approval of the Governing Body is first obtained in advance by the organiser.

#### Rule 4-3. Golf-Related Expenses

New Rule 4-3 is introduced to clarify that an amateur golfer may receive reasonable expenses, not exceeding actual expenses incurred, for non-competition golf-related activities.

#### Rule 9-2b(i). Period Awaiting Reinstatement; Professionalism

The recommended guidelines on periods awaiting reinstatement are amended to provide that a period in breach of the Rules of six years or more (previously five years or more) should result in a period awaiting reinstatement of two years. In addition, the Rule is amended to provide that, if an applicant for reinstatement has played extensively for prize money, consideration should be given to the level of competitions and the applicant's performance in those competitions in determining whether the applicant's period awaiting reinstatement should be extended.

### New Handicap Rules for 2016

In tandem with the 2016 updates to the Rules of Golf, the United States Golf Association has announced revisions to the USGA Handicap System™, effective Jan. 1, 2016.

Six significant changes are among those noted in the new 2016 - 2017 edition.

Those significant changes include:

- **Definition of a tournament score:** Additional guidance is provided to Committees conducting competitions regarding the definition of a tournament score, placing greater emphasis on "significant events." The definition excludes fundraising events and regular league play, in favor of designated competitions such as a member/guest or club championship, local amateur tournament or national qualifying and competition. ([\*Section 2: Definitions\*](#))
- **Adjusting hole scores:** A revised decision provides clarity for acceptable scores in limited situations where the player has not played a hole(s) under the Rules of Golf, but his or her score would be sufficiently accurate for handicap posting purposes. Three areas covered under the examples include: 1) where the Local Rule is not in effect, but a player chooses to use a Distance Measuring Device or preferred lies; 2) where a player does not wish to cause undue delay; or 3) where

the situation is outside of the player's control, such as an incorrectly marked golf course. ([Section 4: Adjusting Hole Scores](#))

- **Posting scores when a player is disqualified:** To improve alignment with the Rules of Golf, the revised Handicap System is clearer about what scores are acceptable when a player is disqualified. In general, a score is acceptable for handicap purposes even when a player fails to hole out, or apply a Rule that affects the rights of another player. If the disqualification breach is determined to provide an advantage for the player, the score is deemed unacceptable for handicap purposes. ([Section 5-1: Acceptability of Scores](#))
- **Anchoring and posting:** A new reference concerns a player who anchors the club while making a stroke during a round and fails to apply the appropriate penalty or an adjusted hole score (Section 4-2). Since the score would not be reflected as playing under the Rules of Golf, it would be unacceptable for handicap purposes. ([Section 5-1: Acceptability of Scores](#))
- **Playing alone and necessary peer review:** To further support the key System premise of peer review, scores made while playing alone will no longer be acceptable for handicap purposes. This change underscores the importance of providing full and accurate information regarding a player's potential scoring ability, and the ability of other players to form a reasonable basis for supporting or disputing a posted score. ([Section 5-1: Acceptability of Scores](#))
- **Committee responsibilities:** In an effort to assist the Handicap Committee with its responsibilities, this revision addresses a player with a temporary disability or permanent disability who has a Handicap Index that is no longer reflective of his/her current potential ability. In the particular instance cited, the Committee will no longer assign a local handicap (denoted with the letter "L" for local use only), but instead will issue a (temporary) modified Handicap Index (denoted by the letter "M"). This change supports the portability of a disabled player's handicap, so that it can be used outside the player's home club. ([Section 8-4c: Handicap Index Adjustment by Handicap Committee](#))
