

Musket Ridge MISGA Information for New Members

Welcome to Musket Ridge MISGA. Now that you have signed up, you may wonder what to expect next.

Mixers -- We have a full schedule of home and away mixers running from late March through October

- A mixer consists of members from the home club and members from one or more invited clubs playing a team-based round of golf.
- The club pro makes up the foursomes from information the clubs provide in advance.
- Usually, a foursome will include an A, B, C, and D player (based on handicaps) and generally a mix from the clubs in attendance that day.
- Each foursome competes with all other foursomes for prizes.
- The format for the competition varies, but the most popular format is the best two net scores per hole for the foursome.
- Some host clubs offer "Closest to the Pin" and other pools that you may enter.

When Should I Arrive?

- There is a shotgun start between 8:30 and 9:00. Check the schedule when you sign up for specific information on each competition.
- It is best to arrive at least a half hour early to allow time to register, for payment, to find your cart, and to meet your playing companions for the day. Most clubs provide free range balls for MISGA events.

Prizes

- Scorecards are collected at the end of the round and the club staff checks scores and determines the prize winners during lunch. Musket Ridge will be using an electronic score card.
- The number of prizes distributed depends on the host club's policy and the number of participants.
- Prizes are usually merchandise certificates that can only be used at the host's pro shop.
- The certificates have expiration dates which will vary from club to club.

Attire

- Proper golf attire is required. Golf shoes must have soft spikes. Collared shirts are required. Jeans, cutoffs, denim, and running shorts are not permitted.
